

HAWAI'I NURSES ASSOCIATION SUPPORTS STRIKING KAISER COALITION MEMBERS!

Kaiser Coalition union members that can legally strike will be standing up October 14th against Kaiser's unwillingness to reach a fair contract agreement. Kaiser's most recent proposals included our lowest raises in decades, cuts to our healthcare benefits, lower wage rates for new hires, and more outsourcing of our jobs – even though Kaiser made record profits of \$11 Billion over the past couple of years and gave the CEO a 60% raise to \$16 million a year!

Workers are **STRONGER TOGETHER.**

Hawaii Nurses Association says **FAIR CONTRACT NOW!** for all Kaiser Coalition Union Members.
