A BILL FOR AN ACT

RELATING TO STAFFING STANDARDS AT HEALTH CARE FACILITIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the health and
2 safety of the State's residents depend on ensuring that
3 registered nurses are supported in providing high-quality,
4 patient-centered care. The legislature further finds that
5 adequate nurse-to-patient staffing ratios are critical to
6 achieving this goal, as they directly impact patient safety,
7 reduce nurse burnout, and promote nurse retention in the health
8 care workforce.

9 The legislature recognizes that improving nurse-to-patient
10 staffing ratios leads to better patient outcomes, enhanced care
11 quality, and a more sustainable health care system. By
12 establishing minimum nurse-to-patient staffing ratios and
13 requiring hospitals to implement and adhere to enforceable
14 staffing plans, the State can protect its health care workforce,
15 reduce staff turnover, and ensure that patients receive the
16 safe, timely care they deserve.

17 Accordingly, the purpose of this Act is to:

7 to receive, review, evaluate, and respond to reports
8 and complaints regarding deviations from an adopted

11 temporarily deviate from their minimum registered
12 nurse staffing standards under limited circumstances;
- 13 (4) Establish an enforcement framework to be administered
14 by the department of labor and industrial relations,
15 including review of staffing plans, complaint
16 investigations, administrative appeals, and civil
17 penalties for violations;
- 18 (5) Prohibit retaliation against registered nurses,
19 patients, and other persons who report staffing
20 concerns or participate in enforcement proceedings;

11 structured to allow patients and the public to clearly
12 understand and compare staffing patterns and actual staffing
13 levels across facilities.

14 (i) For the purposes of this section, "acuity" means the
15 level of patient need for nursing care, as determined by a
16 nursing assessment.

17 § -15 **Department review.** (a) The department shall
18 review each hospital registered nurse staffing committee charter
19 filed by a staffing committee to determine whether the charter:

7 (2) Is in the form prescribed by the department; and

8 (3) Incorporates the minimum registered nurse staffing
9 standards recommended by professional specialty
10 organizations, as required in section -14(b)(3).

11 (c) The department shall post on its website:

12 (1) Each hospital registered nurse staffing committee
13 charter filed with the department;

14 (2) Each hospital registered nurse staffing plan filed
15 with the department; and

16 (3) A list of hospitals and staffing committees that
17 failed to file a charter or staffing plan in
18 compliance with this part.

19 **§ -16 Hospital registered nurse staffing plan;**

20 **implementation; complaints to staffing committee. (a)**

21 Beginning July 1, 2027, each hospital shall implement its

H.B. NO.

2 section -14 and assign hospital staff to each patient care
3 unit in accordance with the staffing plan.

4 (b) Shift-to-shift adjustments in staffing levels shall be
5 made only as permitted by the staffing plan and by appropriate
6 hospital personnel responsible for overseeing patient care
7 operations. Any individual assigned to a patient care unit who
8 objects to a shift-to-shift adjustment may submit a complaint to
9 the staffing committee.

10 (c) Any registered nurse, collective bargaining
11 representative, patient, or other person may report to, or file
12 a complaint with, the staffing committee regarding any deviation

2 complaint is submitted.

3 **§ -17 Hospital registered nurse staffing plan; posting.**

7 effect, including the relevant clinical staffing for that shift.
8 Each hospital shall make the staffing plan and current staffing
9 levels available to patients and visitors upon request.

10 **§ -18 Variance.** (a) The department may grant a
11 hospital a variance, not to exceed thirty days, from the minimum
12 registered nurse staffing standards set forth in a hospital
13 registered nurse staffing plan adopted pursuant to
14 section -14, upon a finding of good cause. For the purposes
15 of this subsection, "good cause" means circumstances in which a
16 hospital establishes that compliance with the minimum registered
17 nurse staffing standards is not feasible and granting a variance
18 will not result in a significant adverse effect on the health,
19 safety, and welfare of the patients and hospital staff.

20 (b) A hospital seeking a variance shall submit a written
21 application to the department. The application shall include:

H.B. NO.

- 1 (1) A statement justifying the variance and establishing
2 good cause, including an explanation of the hospital's
3 inability to comply with the minimum registered nurse
4 staffing standards in its staffing plan;
- 5 (2) Proposed alternative minimum registered nurse staffing
6 standards to apply during the variance period;
- 7 (3) Identification of the group or groups of hospital
8 staff for whom the variance is sought;
- 9 (4) Evidence that the claimed infeasibility, together with
10 the underlying supporting data, was discussed by the
11 hospital registered nurse staffing committee on at
12 least two occasions, including a statement from the
13 staffing committee describing areas of consensus and
14 areas of disagreement, if any; and
- 15 (5) Evidence that no later than ten working days before
16 submitting the variance application, the hospital
17 provided hospital staff that will be affected by the
18 variance and if applicable, their collective
19 bargaining representatives with:
- 20 (A) A copy of the variance application;

H.B. NO.

1 (B) Information regarding their right to be heard by
2 the department during the variance application
3 review process;

4 (C) Information regarding the process for submitting
5 a written request for reconsideration pursuant to
6 subsection (g); and

7 (D) Department's address, phone number, or other
8 contact information.

9 (c) When warranted by the circumstances of the
10 application, the department shall afford the hospital, affected
11 hospital staff, and if applicable, their collective bargaining
12 representatives, an opportunity to submit oral or written
13 testimony during the variance application review process.

14 (d) No later than fifteen days after receipt of a complete
15 variance application, the department shall issue a written
16 decision and order granting or denying the variance; provided
17 that the department may extend this fifteen-day period by
18 providing advance written notice to the hospital and if
19 applicable, the collective bargaining representatives of
20 affected hospital staff. The notice shall state the
21 justification for and duration of the extension, which shall not

H.B. NO.

1 exceed an additional fifteen days. The hospital shall provide
2 notice of any extension to affected hospital staff.

3 (e) Upon a finding of good cause, the department shall
4 grant the variance. The decision and order granting the
5 variance shall include:

6 (1) Alternative minimum registered nurse staffing
7 standards approved;

8 (2) Basis for the department's finding of good cause;

9 (3) Group or groups of hospital staff affected by the
10 variance; and

11 (4) Period for which the variance is valid; provided that
12 the variance period shall not exceed thirty days from
13 the date of issuance.

14 A decision and order denying the variance shall state the
15 basis for the denial.

16 (f) Upon issuance of a decision and order, the department
17 shall provide written notice to the hospital and if applicable,
18 the collective bargaining representatives of affected hospital
19 staff. The hospital shall provide the notice to affected
20 hospital staff.

H.B. NO.

1 (g) Any hospital, affected hospital staff, or if
2 applicable, the collective bargaining representative of affected
3 hospital staff aggrieved by a decision and order of the
4 department may file a written request for reconsideration with
5 the director no later than five days after receipt of the
6 written notice issued pursuant to subsection (f). The request
7 shall state the grounds upon which the reconsideration is being
8 sought. Upon receipt of a timely request for reconsideration
9 and a finding that reasonable grounds for reconsideration exist,
10 the director may grant reconsideration and, as appropriate,
11 afford interested parties an opportunity to be heard; provided
12 that the department's decision and order shall remain in effect
13 pending completion of the reconsideration process, which shall
14 be completed no later than ten days after the director's receipt
15 of the request.

16 (h) The director may revoke or terminate a variance order
17 at any time; provided that:

18 (1) The reconsideration process under subsection (g), if
19 invoked, is completed; and

20 (2) Written notice is provided to the hospital and if
21 applicable, the collective bargaining representative

H.B. NO.

1 of affected hospital staff at least five days before
2 the effective date of the revocation or termination.

3 The hospital shall provide the notice to affected
4 hospital staff.

5 (i) If the department finds that immediate action is
6 necessary pending further review, the department may issue a
7 temporary variance, which shall remain in effect until the
8 department determines whether good cause exists to grant a
9 variance. A hospital shall not be required to satisfy the
10 requirements in subsection (b) (4) to obtain a temporary
11 variance. If a temporary variance is granted, the department
12 shall issue a final decision and order granting or denying the
13 variance within the fifteen-day period specified in subsection
14 (d), and no extension of that period shall be permitted. The
15 duration of the temporary variance shall be counted toward the
16 thirty-day maximum variance period specified in subsection
17 (e) (4).

18 (j) Any hospital granted a variance pursuant to this
19 section shall:

20 (1) No later than five days after receipt of the
21 department's written notice approving the variance,

H.B. NO.

1 provide written notice to affected hospital staff of
2 the variance period and the minimum registered nurse
3 staffing standards applicable during that period;

4 (2) Make the information described in paragraph (1)
5 readily accessible to all hospital staff for the
6 duration of the variance period; and

7 (3) Comply with the applicable minimum registered nurse
8 staffing standards and all other terms and conditions
9 of the variance during the variance period.

10 (k) The director may establish additional variance
11 eligibility criteria by rule.

12 § -19 **Complaints; investigations; contingency staffing**
13 **plan; corrective action plan; exceptions.** (a) Any person may
14 file a complaint with the department alleging a violation of
15 this part; provided that no complaint shall be filed after the
16 expiration of sixty days after the date:

17 (1) Upon which the alleged violation occurred; or

18 (2) Of the last occurrence in a pattern of ongoing
19 violations.

20 (b) Upon receipt of a timely complaint, the department
21 shall investigate the allegations in the complaint and, no later

H.B. NO.

1 than ninety days after the filing of the complaint, issue either
2 a citation and notice of assessment or notice of case closure;
3 provided that, for good cause, the department may extend this
4 ninety-day period by providing advance written notice to the
5 hospital and the complainant, specifying the justification for
6 and duration of the extension.

7 (c) If the department finds, based on its investigation,
8 that a violation has occurred, the department shall issue a
9 citation and notice of assessment; provided that a hospital
10 shall not be found in violation of section -14 or -16(a)
11 if:

12 (1) The department finds that the deviation from the
13 requirements of this chapter resulted from
14 unforeseeable emergent circumstances; and

15 (2) In case of a deviation from the staffing standards set
16 forth in the hospital registered nurse staffing plan,
17 the hospital demonstrates through documentation that
18 the hospital, after consultation with its hospital
19 registered nurse staffing committee, made reasonable
20 efforts to obtain and retain sufficient staffing to

H.B. NO.

1 meet the required staffing assignments but was unable
2 to do so.

3 (d) If the violation found by the department pertains to
4 the hospital's compliance with its staffing plan:

5 (1) No later than thirty days after the department's
6 issuance of a citation and notice of assessment, the
7 hospital shall:

8 (A) Implement a contingency staffing plan. Upon the
9 issuance of the citation and notice of
10 assessment, the hospital shall report to the
11 hospital registered nurse staffing committee its
12 assessment of staffing needs and proposed plan to
13 address those needs. Upon receipt of the report,
14 the staffing committee shall develop a
15 contingency staffing plan to address the
16 identified staffing needs. The hospital shall
17 implement and remain in compliance with the
18 contingency staffing plan until the department
19 approves a corrective action plan submitted
20 pursuant to subparagraph (B); and

H.B. NO.

- 1 (B) Submit a corrective action plan to the department
2 for approval. The corrective action plan shall:
3 (i) Be developed in consultation with the
4 staffing committee; and
5 (ii) Describe the corrective actions the hospital
6 will implement to remedy the violation and
7 prevent recurrence;
- 8 (2) The department shall review the corrective action plan
9 submitted by the hospital and issue a written notice
10 approving, approving with modifications, or rejecting
11 the plan. The department shall not approve a
12 corrective action plan that fails to remedy the
13 violations found;
- 14 (3) The hospital shall implement an approved corrective
15 action plan and demonstrate compliance for a period of
16 ninety consecutive days, unless otherwise directed by
17 the department; and
- 18 (4) Any hospital that fails to timely submit a corrective
19 action plan, fails to obtain the department's approval
20 of a corrective action plan, or fails to remain in
21 compliance with an approved corrective action plan

H.B. NO.

1 shall be subject to the following daily fines for each
2 violation found by the department, until the
3 department determines that the hospital has complied
4 with an approved corrective action plan for a period
5 of ninety consecutive days:

6 (A) \$100 per day for:

7 (i) Hospitals certified as critical access
8 hospitals;

9 (ii) Hospitals with fewer than twenty-five
